“ I had the privilege of working with Andre at Sumter County Adult Education. He was the kind of person who makes you glad that you do what you do. I am saddened by his passing. I hope it is helpful for family members to know that others are thinking of you and share your loss.

“ Andre your smile says it all, and that's the way I'll remember you, the Masonry class was outside working on the green house, and somehow Andre did'nt get back in time to get clean up and he came to the office upset saying I need to get in Mr. Harris room to get to clothes I had to get clean up before I go back to Sumter High and I replied, Andre the other students did'nt have to get clean up why is it that you're the only one. He look at me with that smile and said Mrs. Bradley I'am not like the other students I have to be neat and clean.
