“ *To the Ford Family:
So sorry to hear of Randy's passing. He was always a very kind person that everyone loved. His brothers and I grew up together and served together on the band. He will always be that little brother because of our family connections. Many condolences to Deborah, Maxine and the rest of the family.
Love, Steve and Carol Miller of Atlanta*

“ *My condolences goes out to the family. I have known Randy and his family all of my life. We all knew up together in the same neighborhood. Randy was someone that love to help the children in the neighborhood with their homework. Especially math. He will be forever miss and loved. May the God of Grace give you the strength that you need to endure. Love you all Daisy Walker Praylor*

“ *Randy Ford was one who made you love him as a friend. He would call me his girlfriend until the next girl came up then they would become his girlfriend too. That was his playful way to get a good conversation going. He had a smile that would shine like the sunshine. He will truly be missed. Family you have my condolences.*
