“ *Me and your brother love you so much! You are truly going to be missed. I sit and think back on all the times we argued just because you loved to see me mad. I realize you always had me and your brother's back. No matter what or how long you guys went without seeing one another, you all always picked back up. It hurts so much that you are no longer here, but I just wanna let you know that we love you and we miss you!*
