“ *Because of Saul Price I was recognized for my class room work ethics when I was in grade school. It was he that made sure I was not overlooked nor passed over. He helped mold me to be the teacher that I am. I prided myself on treating all my students equally because of what he stood for. He followed me through out high school. I thank God for him and what he instilled in me. He is my favorite teacher. Family, may God's peace rest upon you all.*

*Respectfully,

“ *Mr. Price influenced our family's life at Ebenezer High School. He was a mentor to my brother, Benjamin Brooks. We all learned to love Mr. Price at Ebenezer High. Even though Mr. Price taught Agriculture and did not teach the Brooks girls, he was very special to all of us and to our mother and father. He would come by our house sometimes. He was a very caring and compassionate teacher. I saw him a few times in the nursing home when I was visiting, and he still remembered me the first time. However, the last time, he did not. Some people touched the lives of others in a eternal way; Mr. Saul Price was one of those people. He was a good, kind, and caring Mwho is now resting in the Marie Brooks and the Brooks Family*

“*Mr. Price was a visionary and his godly advice and instruction during my high school days has been a part of me since 1976! When he got upset with us he reminded us of the scripture "When I was a child, I acted like a child. But when I became a man, I put away childish things"! 1 Corinthians 13:11....I was just thinking about him the other day! Family fret not because he has moved to a new address....one unlike we can imagine. I share your sense of loss because my wife of 32 years changed her address on 7/22/13. All we can do is follow God's plan and we will surely see them again! Live on family and hold your head up and keep looking to the hills!*

“*I thank God for Mr. Saul E. Price and his love for people. Through the FFA he was able to help develop many of the present leaders in our community. My parliamentary procedure, along with much of the confidence that have when conducting meetings or chairing the various boards and agencies began with his learning to do, doing to learn, earning to live and living to serve. May his family find comfort in knowing that he was truly a gift from God, and that he made a difference in so many lives. I thank God that he allowed our paths to cross.*

Mr. Price was a fine man. I had the joy of working with him at Hillcrest High School. He helped me many times when my students wanted a graden. We shared many times together. I know the Lord is with him now.

"A special man who was always more than an uncle because you knew he was someone who cared, challenged, advised and shared. Will be sorely missed by our family. A strong godly man who led by example and displayed so much love for his family."

Our family was truly blessed because of him.
